Headteacher: Mrs K. O'Brien

9th November 2011

Dear Parents / Carers,

Ofsted Report 2011

You will be aware that the school recently underwent an Ofsted inspection, and I now have pleasure in enclosing a copy of the report for your reference. Ofsted have assessed the school to be good with outstanding features, and they have recognised a wide range of improvements that have been made since the last inspection in 2007.

The governing body has a clear focus on continual improvement in the school and both Mrs. O'Brien and I feel that the report gives a fair assessment of the school as the inspectors found it. We are pleased that all the comments in the report pertaining to further improvement opportunities relate to issues that have already been recognized by Mrs. O'Brien and the governors in our self- evaluation, and are already included in our improvement plan.

I am very grateful for the significant response from parents to the Ofsted questionnaire which was well above average, and for all the positive comments and feedback that you gave. 2012 is going to be an exciting and challenging year at Eastwick as we will have significant investment to re-model our special needs unit, and build a new mainstream classroom. Mrs. O'Brien will be writing to all parents later this term with more information about the remodelling project. I believe that this new development plus the very positive report from Ofsted, provides us with an excellent platform for our programme of continued improvement.

I would welcome any comments or feedback that you have relating to this report.

Yours sincerely,

Mr. Iain White

(Chair of Governors)
